

ANNEX II

List of T-DAB assignments in the frequency band 174-230 MHz recorded by 02 July 2007 in the Assignment List in accordance with Article 6 of the Wiesbaden, 1995 Special Arrangement, as revised in Maastricht 2002

According to Article 2 of the Final Acts, these T-DAB assignments shall be protected, taking into account the relevant bilateral agreements reached at the RRC-06, until the date to be agreed by the administrations concerned but not later than 01 January 2012.

Administrations may agree bi-laterally to protect actual service areas of individual assignments or SFN. Protection of the fully implemented allotments can be based on the original allotment parameters.

The original allotments cannot be developed any further as the provisions of the Special Arrangement are withdrawn for these frequencies.
